

The Walker Family to Ghana, West Africa

October 2003

Dear Fellow Believers,

We are pleased to announce that we are going home October 29, 2003. Praise the Lord for what great things he hath done. When the doctors give no hope, he is hope. When we are afraid, he can comfort. What a marvelous God we serve. He is so good to us. We cannot thank him enough. We could praise his name all day everyday and still it would not be enough.

My family and I are thrilled to know that you were a part of the wonder working power of our Saviour. We took Esther to the doctor October 17 and the doctor told us her lungs have never sounded so good. Esther weighs 27 lbs now— Praise the Lord. The doctor gave credit to the medication, but we gave credit to the wonder working power of prayer from our supporting churches. The doctor said, "Yes, that helps too". We are thankful for good doctors, but it is God in who we put our trust. Hannah is a bundle of sweetness. She weighs 17 lbs. and is a chunk of love. Praise the Lord for a healthy baby. Ronnie and Daniel are excited about going back home, although I think they are more excited about the plane ride more than anything else. Rebecca is doing well. She is trying to get everything packed up for Ghana.

We would like to thank those that gave special gifts for the plane tickets and the container. We were able to purchase a container for \$600.00. When it arrives in Ghana, we will be able to use it as storage. The shipping cost \$3,600.00 which I split with my father-in-law. He also needed to ship some things. We shipped it out October 21, 2003. Praise the Lord!! Thank you for all you have done for us. The next time you hear from me "Lord willing" it will be from Ghana. Please continue to pray for the Ronnie Walker Family and the Aiyinasi Baptist Church. Thank you.

Because of Calvary,

Ronnie Walker Family
