Subject: Watson August Update

Dear Christian Friends,

Thank the Lord for wives that keep their husbands from embarrassment. We have a meeting scheduled at a Spanish church, in which the pastor will translate. I made an extra copy of my presentation on a VCR tape and gave it to a friend to give to the pastor, so he can become familiar with it. Later that day, Sharon found the extra copy of our presentation still inside the VCR. So what tape did we give to our friend? We quickly called him and found out that it was our son's video of Bugs Bunny. We laugh at wondering what would have happened if the pastor had shown the video to his church. I wonder if they would have considered us for support?

It has been five months since we returned home from our two-month stay in Mexico and we are very anxious to return. The work is not getting any easier for the missionary there. We desire to get deputation and language school behind us that we can get busy about our Lord's work in Sinaloa, Mexico.

We are grateful for the little girl our God has given us. The boys have accepted her into our family by their acts of kindness to her. Coby piles his little stuffed animals on top of her while she sleeps, and Walker no longer tries to poke her eyes with his finger.

Now that Sharon is able to travel again, we are hitting the deputation trail at full speed. Between now and December, we only have two Sundays which we have no meetings scheduled. We have five mission conferences, and a handful of Wednesday meetings before the end of this year, and lots of meetings so far for next year. After being on deputation for only about four months, we are most thankful for the 35% of promised support! For those of you that are keeping us in your prayers, thank you, for He is hearing them.

This letter is to allow you to rejoice with us and to thank you for your part in our ministry.

Your Brother in Christ,

Jimmy Watson and Family
