Serving The Lord In

## Mexico

January 2004

Dear Praying Friends,

I spent the first week of this month in Wilson NC, at Trinity Baptist Church with Pastor Winstead. Jimmy Brantley is an electrician and has a few Mexicans working for him. He took me to the jobsite one day to witness to them. With my limited Spanish, I explained salvation to them from the Spanish Bible. They understood and agreed that they needed to be saved, however, they had no desire to pray at the jobsite, but wanted to come to the church that night to pray. They came and listened while two other Christians translated the message as Dr. O'Malley preached. Two of them got saved after the service. Their names are Jaime and Arnoldo. We have placed them in touch with José Mejía who is the pastor of a good Spanish church near by. These salvation decisions came from lots of prayer and team work. Thank you Brother Brantley, Shoshannah, and Brother Bill Winstead.

### Support

We just heard from the pastors of three wonderful churches which said that they will start supporting us in February. This will put our support level at 45%. Wow, we are getting close to half way. Thank you Lord.

### Tips for Traveling #101

If you ever run out of coffee creamer while at a prophets chamber, never use baby formula as a substitute.

### Special Thanks

We thank the Lord for the churches that are now supporting us. Also for the Saints that bought new tires for our van. Thanks for the special Christmas gifts from Calvary Baptist Church in Scottsville, VA., and New Testament Baptist Church in Kinston, NC. We trust that our Lord will bless you in a special way

### Family

We had a good Christmas as we were able to spend some time with my family in Georgia, and Sharon's in South Carolina. Sharon's mom let the kids make ginger bread houses out of

graham crackers and candy. For every piece of candy that Walker put on the house, he ate two pieces.

### Praises

- For safety as we travel
- For seeing souls saved
- For our supporting churches
- For our prayer warriors

### Prayer Requests

- A new laptop
- A large trailer to haul our belongings to Mexico
- A 15-passenger van to pull the trailer and to transport people to church while in Mexico
- Wisdom to know if we should make the move to Mexico in December of this year or July of 2005, depending on our support level

Coming home from church one Sunday while in Mexico, we saw this three foot long iguana crawling across the dirt road.

All three kids are entertained by watching Coby play a learning game on the computer.

Thank you to those that prayed for us as we traveled to Georgia for the funeral of my grandmother.

If any of you would desire to receive my Prayer Update by email instead of by mail, please let me know using the email address below.

Your Servants to Mexico,  
*Jimmy, Sharon, Coby, Walker, and Callie Watson*
