Serving The Lord In

## Mexico

July 2004

Dear Praying Friends,

A lot has happened in the last two months since our last update letter. Sharon has been able to quit work and travels with me to all of the meetings, Callie had the Chicken Pox, Walker turned two, and our support has jumped to 69%. The mission agency had it's annual Family Fellowship Week in June. All of the missionaries on furlough or deputation and the board members met in Wilmington NC, for a time of preaching, teaching, and fellowship. This week is always a highlight of the year for World Wide New Testament Baptist Mission. As our support continues to grow, we feel confident that we will be on the field by the time the next meeting comes around.

### Once in a Life Time Opportunity

In May, Sharon's dad took me on a two week trip to the country of Turkey to visit the Biblical sites. We visited the 7 churches of Revelation, the places where the 7 church councils met. We also visited Iconium, Antioch, and Troas. We went to the city of Tarsus where the Apostle Paul was born, and Seleucia, where he sailed from on his first missionary journey. We saw many underground church caves in Cappadocia, and the huge, beautiful Taurus Mountain Range. I suppose my favorite site was the little city of Lystra, where Paul was stoned and left for dead. We also were stoned while there, but it was from the hailstones that fell during a storm. I gained much education about all the Biblical sites and have many great sermon illustrations.

### Tips for Traveling #104

While traveling on a five-mile-long bridge near the Outer Banks and your four year old says, "Daddy, I have to potty real bad" . . . There's just not much you can do.

### Family

Callie with Chicken Pox. I wanted to play Connect-the-Dots, but her mommy wouldn't let me.

### Our Near Future

We will be planning a short term trip to Mexico in the spring to see about our housing possibilities. Then our plans are to be moved there by the end of spring or early summer that we may get settled before language school starts in August. Please remember us in your prayers as we make major decisions as we continue to prepare to serve our Lord in Mexico.

Your Servants to Mexico,

*Jimmy, Sharon, Coby, Walker, and Callie Watson*
