Serving The Lord In

Mexico

January 2005

Dear Praying Friends,
I trust all of you had a wonderful Christmas and Happy New Year. We celebrated Christmas with family and friends. We had a wonderful time together celebrating the birth of our Savior.

Our support has grown to 93%, and we hope to be moving in March or April. We have been making all the preparations that we can think of getting ready for the "Big Move". Our plans are for me to drive down with all of our belongings in the trailer, then Sharon and the kids will fly down once I get there. It will be about a four day drive. Anybody want to go with me?

Tips for Traveling #106

Never go through the ATM drive-thru with a car-top carrier on your van at the BB&T bank in south Raleigh NC.

Tips for Traveling #107

Duct tape is good to use while repairing car-top carriers.

Family

The week before Christmas, Sharon and I flew to Grande Prairie, Alberta, Canada to present our burden for Mexico to two churches. We had a wonderful time, and the best part is that both churches voted to take us on for support. I was able to preach twice, and teach in a men's Bible study, and Sharon spoke at the lady's Bible study and at a "Ladies Tea". (Whatever a "Ladies Tea" is). The people there treated us very special. We were the first missionaries to visit the church. The place was beautiful with snow on the ground. We were able to do a little sight-seeing in the Jasper National Park. Wow! We saw the snow

capped Canadian Rocky Mountains. We saw mountain goats, elk, deer, and moose, and many spectacular frozen lakes and rivers with snow covering them and with the huge mountains in the background.

Children are a blessing from the Lord

Someone gave me a silly tie for Christmas that if you pressed a button it would sing "Jingle Bells." I thought it looked good so I wore it to Church one night. At the end of the message while the Pastor was praying, my two-year-old decided to press the button. There just wasn't much I could do but to hum along with it.

Needs list

- A/C window units (110 volts), and ceiling fans (for the desert heat)

Prayer Needs

- For the rest of our support to come in soon
- For safety as we travel to Mexico
- For the Boarder-Crossing to go smoothly
- For wisdom as we make major decisions
